We create a different design during all ceremonies, either using big styled Roman pots next to the arch with a soft draping, or hanging flowers, or a bow. The same theme will be carried over to your reception area. Should your dream be an enchanted forest or garden ceremony, we will create it.

We can always discuss add-ons during concept design to establish the needs. Whether you would like a string quartet or violinist, different chairs, we are always ready with another supplier on our books to make your day extra special.
